

# CURRICULUM VITAE

TYLER J. JARVIS

## EDUCATION

- Ph.D: 1994.** Princeton University, mathematics
- M.A: 1992.** Princeton University, mathematics
- M.S: 1990.** Brigham Young University, mathematics
- B.S: 1989.** Brigham Young University, mathematics, summa cum laude

## ACADEMIC EXPERIENCE

- 2006–present:** Professor, Brigham Young University
- 2012–2013:** Visiting Scholar, University of Utah
- 2010:** Visiting Scholar, Max-Planck-Institut für Mathematik, Bonn, Germany
- 2007:** Visiting Scholar, Mittag-Leffler Institute, Djursholm, Sweden
- 2001–2006:** Associate Professor, Brigham Young University
- 2001–2002:** Visiting Scholar, Boston University
- 1996–2001:** Assistant Professor, Brigham Young University
- 1994–1996:** Assistant Professor, Mississippi State University

## ADMINISTRATIVE EXPERIENCE

- 2016–Present:** Director, BYU Applied and Computational Mathematics Emphasis.
- 2013–2016:** Cofounder and Codirector, BYU Applied and Computational Mathematics Emphasis.
- 2006–2017:** Cofounder and Codirector, BYU–NSF Center for Undergraduate Research in Mathematics.
- 2013–2014:** Vice President, Board of Directors, Utah-Idaho Council on Problem Gambling.
- 2006–2012:** Department Chair, Brigham Young University Department of Mathematics.
- 1996–2007:** Member, Board of Directors, Meyer and Liechty Corporation.
- 2005–2006:** Chair, Rock Canyon School Community Council (elected office).
- 1999–2006:** Director of Graduate Studies, Brigham Young University, Department of Mathematics.
- 2000:** Founding Director, BYU Summer Mathematics Institute.

## UNIVERSITY AND PROFESSIONAL COMMITTEE WORK

- 2017–2019:** Mathematical Association of America, Committee on Faculty and Departments
- 2018:** Principal organizer, International Workshop *Crossing the Walls in Enumerative Geometry*
- 2008–2017:** Mathematical Association of America, Committee on the Status of the Profession
- 2015–2016:** University Search Committee for Dean of Undergraduate Education
- 2009–2015:** University Student Ratings Task Force
- 2010–2012:** University Department Chair Coordinating Committee
- 2009:** Principal Organizer, Clay Math Workshop *Geometry and Physics of the Laudau-Ginzburg Model*
- 2008–2009:** Mathematics Steering Committee, Utah State Office of Education
- 2003:** Coorganizer, AMS Conference Session, *Gromov-Witten Theory of Spin Curves and Orbifolds*

**AWARDS RECEIVED**

- 2019:** Award for Distinguished Service. College of Physical and Mathematical Sciences, Brigham Young University
- 2016:** Karl G. Maeser Excellence in Teaching Award. Brigham Young University
- 2016:** Deborah and Franklin Tepper Haimo Award for Distinguished College or University Teaching of Mathematics, Mathematical Association of America (Each year 3 recipients are chosen from approximately 20,000 members)
- 2015:** Mathematics Program that Makes a Difference, American Mathematical Society, award for the BYU–NSF Center for Undergraduate Research in Mathematics, which I codirected. (At most two programs are selected nationally each year.)
- 2013:** Award for Distinguished Teaching of Mathematics, Kenneth C. Savage Foundation
- 2013:** Distinguished Mentoring Award, Brigham Young University, Department of Mathematics
- 2012:** Distinguished Scholarship Award, Brigham Young University, Department of Mathematics
- 2006:** Award for Distinguished College or University Teaching of Mathematics, Mathematical Association of America, Intermountain Section.
- 2006:** Award for Outstanding Teaching, College of Physical and Mathematical Sciences, Brigham Young University
- 1995–1998:** Faculty Early Career Development Award (NSF CAREER), National Science Foundation
- 1990–1993:** National Defense Science and Engineering Graduate Fellow
- 1989:** Orson Pratt Prize in Mathematics, Brigham Young University
- 1984–1989:** Spencer W. Kimball Scholar, Brigham Young University

**EXTERNAL FUNDING RECEIVED (FUNDED EVERY YEAR SINCE MY PHD)**

- 2016–2020:** National Science Foundation DMS-1564502, “Focused Research Group: Crossing the Walls in Enumerative Geometry.” Collaborative project with the University of Michigan, Columbia, MIT, and Stanford.
- 2013–2017:** National Science Foundation DUE-1323785, “TUES: A New Curriculum in Applied and Computational Mathematics.”
- 2012–2017:** National Science Foundation DMS-1148695: “Center for Mentoring Undergraduate Research in Mathematics.”
- 2010–2012:** National Security Agency H98230-10-1-0181: “Group Actions, Orbicurves, and Topological Field Theory.”
- 2006–2010:** National Science Foundation DMS-0636648: “Center for Mentoring Undergraduate Research in Mathematics.”
- 2006–2009:** National Science Foundation DMS-0605155: “Stringy Invariants, Orbicurves, and Topological Field Theory.”
- 2001–2005:** National Science Foundation DMS-0105788: “Higher Spin Curves and Cohomological Field Theories.”
- 1998–2000:** National Security Agency MDA904-99-1-0039: “Moduli of Higher Spin Curves.”
- 1995–1998:** National Science Foundation, Early Career Development Award (NSF CAREER) DMS-9501617: “Moduli of Generalized Spin Curves; Class Size and Calculus Learning.”

**PEER-REVIEWED RESEARCH ARTICLES (946 TOTAL PAGES)**
