

MATHEMATICS 411-1

WINTER SEMESTER 2002

- Classroom:** 123 HRCB.
- Class Time:** 9:00–9:50 MWF.
- Instructor:** John Dallon, 312 TMCB, 378-1205, dallon@math.byu.edu.
- Office Hours:** Tentatively 10:00–10:50 p.m. MF and other times by appointment.
- Text:** *Numerical Analysis*, by Richard L. Burden & J. Douglas Faires, 7th edition, chapters 5, 8, 9, 10, 11 and 12.
- Grading:** Grades will be based on:
- | | |
|------------------------|------|
| Class Presentations | 10 % |
| 2 Exams | 20% |
| 4 Homework Assignments | 40% |
| Final Exam | 30% |
- Class Presentation:** Each Friday students from the class will give the lecture. Each student will be required to participate. Typically this will be done in groups of two. Wednesday the assignment will be given and the students will meet with me Thursday morning to discuss the presentation.
- Take Home Exams:** You will be allowed to work in groups of 2 or 3 for the homework assignments.
- Exams:** Exams will be given on the days indicated. The exams will be closed-book.
- Studying:** The BYU Catalog states: “The expectation for undergraduate courses is three hours of work per week per credit hour for the average student who is appropriately prepared; much more time may be required to achieve excellence.” You should take this statement seriously and plan your study time for this course accordingly.
- You are expected to read the text. You are responsible for all the information in the relevant chapters of the book, even that which we do not discuss in the lectures.
- Preventing Sexual Harassment:** BYU’s policy against sexual harassment extends not only to employees of the university but to students. If you encounter unlawful sexual harassment or gender based discrimination, please talk to your professor; contact the campus EEO office (378-5895); or contact the Honor Code Office (378-2847).
- Students With Disabilities:** If you have any disability that may impair your ability to complete this course successfully, please let the instructor know during the first week of class. Accommodations are coordinated through the instructor in consultation with the Services for Students with Disabilities (SSD) Office and may require medical and/or psychological documentation. The SSD Office is located in 160 SWKT, 378-2767.
